## SUSPENSION AND FINES IMPOSED

Manager Gimlin Disciplines Quick, Weed and Delmas—Former Suspended Indefinitely.

THREE members of the Salt Lake ball club were yesterday penalized by Manager Gimlin for alleged infractions of the rules. Pitcher Eddie Quick was suspended from the team without pay for an indefinite period for "indifference to the welfare of the club," while Fred Weed and Bert Delmas were fined \$5 each for failure to wear their uniforms to practice on Monday afternoon. The penalties were inflicted by Playing Manager Gimlin, with the approval of Managing Director Griffin of the club.

Not for many months have the men on a local baseball team been fined or in any other manner penalized by the team manager, so Gimlin's action naturally caused considerable surprise among the players. Most surprised of all were the men who suffered the infractions.

A Director Explains.

One of the directors of the ball club said last evening that Gimlin's action was necessary for the discipline of the club. "There has been an idea current among the players," he said, "that Gimlin is manager in name only. Several of them have not shown proper respect for him as captain and manager, so, for the welfare of the club, Gimlin was compelled to take the action he did."

Among the ball players Gimlin's strenuous action is not looked upon favorably. The men declare the move was uncalled for and they say that it will tend to disrupt the team.

Many of the players think that Quick's suspension was entirely unwarranted. Quick has been on the sick list for some time past and has missed a few days' practice. He has a physician's certificate to show that he has been under a doctor's care since April 15. Quick declared last evening that he did not know of anything he had done that showed indifference to the welfare of the club, unless it was missing practice a few times when he was too ill to work. This, however, he says, was unavoidable.

Why They Were Fined.

Monday afternoon Weed and Delmas appeared at the ball park without their uniforms. The weather was threatening and the grounds were in such a shape that practice was almost impossible. The men were informed that they were expected to appear for practice in their suits and were later informed that a fine of \$5 would be imposed upon them for their neglect.

Weed explained that his suit had been drenched the previous day and was unfit for use, but he offered to put it on anyway if it would relieve matters. Rain prevented any practice that day, so the men were not compelled to don their uniforms.

Yesterday afternoon all of the players, except Quick, reported for practice, though a steady rain was falling and the grounds resembled a duckpond. After waiting to see if the downpour would cease, the men were permitted to go home.

It is hardly probable that there will be a baseball game today. Even though it should clear off this morning, the grounds at Walker's will hardly be in shape for a contest this afternoon. Still, there is any way possible, the grounds will be put in shape and the game played, but whether this can be done remains to be seen.

The Butte baseball team arrived in the city last evening from Spokane and all of the men are in good shape. The boys were tired after their long jump, but a good night's rest will put them right again.

Walter Wilmut will not reach the city until today, as he stopped off in Butte on business.

The Butte Evening News has the following to say about Joe Ward, the former Boise player, who was recently signed by Manager Gimlin:

Joe Ward, who used to be known in Butte as "The Human Megaphone," is with McCloskey this year. This said his stentorian voice, which was heard day on the streets of Salt Lake, where the Boise team is now playing out its series, telling the fans "there'll be a hot time at the ball park today."

Ward used to ride a horse through the streets of Butte each day shouting things about the afternoon game, and he proved a good advertisement. When McCloskey went to San Francisco last year Ward followed him and this year the leather-tongued fan is again with "Honest John."

In speaking of "Biddy" Donahue, the St. Louis Globe-Democrat has the following to say:

Donahue has not had as much opportunity to show what he can do as the other three, but he has filled Farrell's shoes several times in acceptable fashion. His hitting and base running have both been good. This makes him an acceptable substitute for Farrell, who is also handy with the bat and on bases. Donahue has shown so well that Nichols has allowed him to take Farrell's place as lead-off batter when Johnnie is out of the game.

## AMATEURS READY TO PLAY BASEBALL AT EUREKA

Special to The Tribune.

EUREKA, May 3.—This camp will have two of the strongest baseball teams in the State during the summer. One of these will be controlled by the Eureka Athletic association, a recently organized corporation. The other will be put in the field by the local lodge of Macabees. The management of both teams have some of the best amateur baseball players in the State.

The Eureka Athletic association will expend about \$100 in improving and fencing the grounds and in the erection of a grandstand and bleachers. The association's team includes all of the best players in the old Blue Rock team, which claims the State championship for the year 1932. The team is now ready to play any aggregation of ball twirlers in the State.

## BOISE BOYS CLIMB ONE NOTCH HIGHER

They Down the Spokane Indians by a Close Score After a Stubborn Fight.

Special to The Tribune.

BOISE, Ida., May 3.—The Boise baseball club climbed another notch in public estimation today by defeating the Spokane team by a score of 5 to 4, in the prettiest game of ball ever played in Idaho. The Spokane players fought every inch of the way, and the result of the contest was in doubt until Jack O'Connell, the Boise second baseman, picked up Carney's grounder in the ninth inning and tossed the ball into Eisey's waiting hands at first before Carney reached the bag. Dan McFarlan was in the box for Boise. He is suffering from a severe cold in the head and his joints ached all through the game. But he was as steady as a clock at critical moments. He was there with a timely two-bagger and scored two runs.

Hogg, the Spokane twirler, had nothing to be ashamed of. He held Boise down to seven hits.

Buck Weaver made a magnificent catch of Stanley's fly in the fourth and whipped the ball to Babbitt, who got it to Eisey in time to catch Reilly, completing a swift and clean double play. Cook, when he recovered from his nervousness, fielded brilliantly at third base, also making a lightning double play with Eisey's assistance. Martineke did some starting work in left for Spokane, robbing O'Connell of a hit and taking in a difficult foul fly. Rockenfeld wrenched his knee in the third and was replaced by Holland, the latter's position in right field being taken by Carney. The fielding of the visitors was spirited and sure throughout. Hogg's work on bunts was particularly good. Score:

## CRESCUS'S RECORD IS NOT ACCEPTED

Board of Appeals Decides That Ketcham Did Not Comply With Trotting Rules.

CHICAGO, May 3.—The board of appeals of the American Trotting association, at a meeting here today, refused to recognize the record of 1:59, claimed to have been made by Crescus on the Wichita fair grounds last fall.

The finding of the association follows: "From the evidence submitted by the Southern Kansas fair association, Wichita, Kan., and George Ketcham, Toledo, we find that the performance of Crescus on the grounds of the Wichita fair association, at Wichita, Kan., on October 19, 1933, was not conducted in accordance with the rules of the American Trotting association governing performances against time, and that the time of 1:59, then and there claimed to have been made by said horse is neither a record nor a bar under said rules."

It is therefore ordered and determined that the application to establish such record be and the same is hereby denied. W. F. Jones of Indianapolis presided at today's meeting. The board finished its work tonight and adjourned subject to call.

## RHEUMATISM DREAD OF WINTER

The cold, misty rains, northerly winds and damp, cloudy days of winter arouse the old pains and aches and bring out all the misery of Rheumatism. All rheumatic troubles spring from a too acid blood and the deposit of gritty, irritating particles of acid matter in the joints and muscles, producing keen, cutting pains, inflammation and swelling, and a feverish condition of the whole system.

Rheumatism, having its origin in the blood, requires an internal, constitutional remedy to stop it. External treatment only relieves for a time. Liniments and plasters produce counter-irritation and scatter the pains, but they collect at some other point, and Rheumatism goes on season after season, finally becoming chronic, and the joints and muscles always stiff and sore.

S. S. S. neutralizes and filters out of the blood and system all poisonous acids and unhealthy matter, and invigorates and tones up the sluggish organs, and the cure is thorough and lasting. S. S. S. is guaranteed purely vegetable, unequalled as a blood purifier and greatest of all tonics. Write for our book on Rheumatism. Medical advice and all information given without charge.
